The second volume embraces all the public statutes of Indiana now in force upon the subjects to which it relates, and the first all excepting the acts of the last regular and extra sessions of the Legislature. It is a great excellence of the compilation that all existing statutes on each subject are collected together in the same place in these volumes; so that t e reader can see at a glance all the legislation in force on any given subject. Take, for example, the act of 1852, organizing Courts of Common Pleas-the editors publish the act at large, and they also print, in the form of notes on the same page containing this statute, all the acts amendatory to it which have been passed up to this time. These notes indicate much labor and legal acumen. They furnish us, in a

concise and accurate form, with all the ad udications of our Supreme Court on these statutes. These adjudications being now very numerous, the references to them in the volumes under consideration, will be of great value to the lawyer, and indeed to all persons concerned in the admisd-tra ion o' justice. The editors have also referred, n their notes, to numerous decisions in other States, made on statutes similar to ours. An excellence of these volumes, not to be overlooked is the full and accurate index appended to each. In Indiana, there never has been a good index to any volumes of the best style of the art. Particular attention paid to An excellence of these volumes, not to be overlooked
